Here's how an Australia-based Pest Control Company did it!

This company specializes in providing pest control services to homeowners and businesses. They have a small but mighty team, which includes an administrative assistant who helps keep the business running smoothly.

Just like we'll do for you, our client got everything included as part of our Enterprise Solution:

- ✓ **Recruitment:** We helped them find world-class staff in the Philippines.
- ✓ **HR support:** Hassle-free way to build their virtual team.
- ✓ **Client Success Manager:** An expert in their corner.
- ✓ **Compliance & Laws:** We handle everything in the Philippines.
- ✓ **Legal Protections:** Enforceable contracts & NDAs.
- ✓ **No legal liability:** We assume legal responsibilities in the Philippines.

What was the company looking for?

Like many small businesses, this pest control company had to keep a tight rein on their expenses in order to stay competitive. They found that one of their highest costs was their administrative assistant, who they were paying the local rate of \$5,646 per month. They knew they had to find a way to reduce these costs in order to stay in the black.

Local Cost of Administrative Assistant in Australia

USD 5,646/month per staff

The company was in a bind!

They were a small business with big dreams, but they were finding it hard to make ends meet with the high cost of hiring locally. That's when they stumbled upon VirtualStaff.ph, and it was a game-changer.

What's VirtualStaff.ph?

VirtualStaff.ph is an innovative platform that connects businesses with top-notch virtual staff from the Philippines. This means that companies like yours can hire talented and highly-skilled individuals without breaking the bank.

As it was an idea too good to pass up, the pest control company decided to give VirtualStaff.ph a try. And let me tell you, they were thrilled with the outcome. They found a highly-qualified administrative assistant who was able to take care of all their needs for a fraction of the cost of hiring locally. It was like hitting the jackpot!

Cost of Administrative Assistant in the Philippines

USD 1,722/month per staff

That's a saving of USD 3,924 per month for just 1 virtual staff.

Not only did VirtualStaff.ph help the pest control company save a significant amount of money, but it also allowed them to expand their capabilities. They were now able to take on more work, and streamline their operations. And the best part is, they didn't have to sacrifice quality.

It's a great story of how a small business was able to achieve big success by being open to new ideas and innovative solutions.
